MATA members quiz chamber reps

Suggestions for improving the promotional efforts of the Haliburton Highlands Chamber of Commerce were offered by a group of Minden and area merchants at a special meeting held Thursday evening.

The gathering, convened by the Minden and Area Tourist Association, (MATA) was called to provide a forum in which the members could discuss their concerns with Chamber representatives. Chamber president Rhonda Elstone, manager Frank McCarron and member of the board of directors, George Schmid, were in attendance along with over 40 Minden area merchants.

The evening was chaired by MATA president John Bath, who introduced the Chamber representatives. The president and manager then gave a brief summary of what the Chamber is doing to promote this area. Noted in their presentations was the fact the County of Haliburton has contributed over $50,000 to tourism promotion, an indication, according to Elstone, of the importance the tourism plays for all residents of the county.

McCarron described the various promotional programs the chamber has been involved with during the past year including the directories, shopping bag promotion, Harvest Festival and others.

Panic

Elstone concluded her portion of the address by recounting the board's reaction when it heard MATA was being formed. "When we heard of the Minden Area Tourist Association, quite frankly the members of the board panicked. We thought, 'we're not serving these people properly'. Fortunately cooler heads prevailed and now we see MATA as a link in a chain that reaches down from the international promotional effort mounted by the province, through the regeional efforts of the Central Ontario Tourist Association (COTA) through the Chamber of Commerce to your organization."

Elstone likened the relationship with MATA to that established with the Lake Kashagawigamog Tourist Association. "The Chamber of Commerce has enjoyed a good relationship with the LKTA," Elstone commented. "We hope to have the same with your organization."

Explaining that she was expressing a personal opinion and not one endorsed by the board, Elstone commented, "I think there should be similar organizations to your own throughout the county. In communities like Dorset, and Cardiff and Haliburton. These organizations could have representatives on the Chamber of Commerce board of directors. It would help to give the Chamber wider representation and, I feel, lead to a stronger county and Chamber."

Questions

The remaining portion of the evening dealt with questions from the floor during which the merchants were able to bring their personal concerns to the attention of the president and manager.

The questions ranged from what procedure the travel counsellors follow at the information booth when being asked for assistance in finding accomodation to a complaint that the Toronto Star map of the area, for fall colour tours, neglected to show Highway 35 extending north of Minden.

McCarron said that when an enquiry is received in person at the office, the staff attempt to discover what type of accommodation the person is looking for. "We play a game of twenty questions to narrow down the field. The selection could be limited by geographical considerations, class of accommodations desired or the cost. When we have a better idea of what the person is looking for, we suggest a number of places from the accommodation guide and others which are not listed there."

He was asked if the Chamber staff recommend 'the best' place for these people to stay. "We can't say one place is better than another," McCarron commented. "It wouldn't be fair to other members. We can't play favourites." He said the board is presently examining different methods of presenting the information to the public but for the moment must still rely on the information booth staff assessing and responding to the needs of those who drop in.

As to the map in the Toronto Star, McCarron said the Chamber is investigating the situation.

Questions were also raised about the Chamber's method of billing for membership dues. Several members objected to the tone of a letter recently sent out advising members of a change in the system and that a certain amount was due by the end of the month. "There is never an easy way to ask for money, particularly if it is overdue," McCarron stated. "I just wanted the summer operators to get the message before they headed south for the winter."

The condition of the Chamber Information office on Highway 35 also came in for a few brickbats, noting the grass went uncut for most of the summer and the building required maintenance.

One member of the audience also wanted to know why the publication of the chamber directory was handed over to a Peterborough company. He complained that the sales person who called on him for an ad in the directory wanted the payment in advance. "I'm not going to finance his business," the individual commented.

Chamber President Rhonda Elstone said the directory had been a money losing proposition for the past couple of years when the Chamber handled a large portion of the publication. She noted the book, which is printed in time for the Sportman's Show in March, occupied a great deal of the manager's

Two racers in the tandem class fight the swirling waters of the Minden Wild Water Preserve Sunday during the annual slalom competition. Racers from Canada and the United States took part in the event, which also drew a large crowd of spectators. The event was the final one for the year. For a story on the opening of the new training centre, see page 5.

MNR policy support sought

The Ministry of Natural Resources should be doing more to help support the county's major industry, tourism. That was the feeling expressed by Haliburton County Warden Bill Howe when he met with MNR officials to discuss the details of a recently updated land use plan. The meeting was held during the summer. Howe reported to the council September 21 on what had transpired.

Howe told the councillors he had pointed out to the officials that 70% of money spent in the county comes from tourism and that the ministry should be made aware of that fact and land use policies should reflect that situation. He noted, for example, there was no provincial park within the county, except in the far south eastern corner. Access to Algonquin provincial park is from outside the county and he suggested there was little likelihood an access road through the county would be constructed. He said traffic destined for Algonquin Park bypasses the county.

Howe said he felt the ministry should plan a park for the central portion of the county and that it would add to the attractiveness of the area for tourism.

The county presentation also questioned the withdrawal of funding for area snowmobile clubs by the provincial government. Also mentioned was the high ratio of Crown land in the county and the fact that much of it is located in the north western corner. It was felt that more access should be made available to these regions.

Finally, Howe pointed out that recently the Ministry of Natural Resources had gone through a stage of decentralization. He said he felt the trend was now in reverse. He expressed concern that the smaller ministry office, such as the one located in Minden, could be closed as a result. He suggested the county should be prepared to mount a strong objection to any move in that direction.

Education taxes concern council

The cost of education and who has control over the budgets of local school boards was a topic for discussion once again at the September 21 meeting of Haliburton County Council.

The meeting was asked to deal with a resolution from Northumberland County calling on the Ontario government to assume all responsibility for funding education. If the province refuses, then the resolution calls for boards to be empowered to collect their own taxes.

This matter was set over to the October meeting of county council to give individual councils an opportunity to examine the proposal and to consider the reply to the resolution offered by Education Minister Bette Stephenson.

MATA meeting

(from page 1)

time which could have been spent on other projects. She said that, in handing it over to Bruce Potter Agencies, the Chamber staff had less work and were able to receive $25,000 at no cost to the Chamber.

Another member of the audience said the Chamber should be involved in winter promotion during the summer months when the largest number of people are in the area. It was suggested by one representative of the Chamber that "summer people are not winter people" when it comes to tourist visitations. That suggestion was challenged as being unproven and Chamber president Elstone agreed saying "Maybe we should plant a seed for winter visitors during the summer months."

The suggestion was also made that the Chamber's booth at the Sportsman's Show needed rejuvenation. "It always appears to be the same from year to year," the person commented. They suggested that incorporating some audio-visual displays with slides or video tape might help increase the interest in the display.

Anson, Hindon and Minden councillor Gary Kenney was in attendance. He asked why the Economic Development Commission, administered by the Chamber, had gone into "hibernation" during the past year. He noted that earlier this year he had been challenged to take some of his ideas for promoting residential development in the county, to an EDC meeting. He pointed out that he had accepted a challenge to be a member of the EDC but that he was still waiting for the first meeting to be called.

Elstone noted the EDC had slipped into "hibernation" because the county had withdrawn any specific funding for the group. She said there was still time to get an amount in the Chamber budget for the EDC next year. "I suspect the commission has been overlooked," she said, "I apologize." Elstone said a meeting would be called soon to prepare a budget for the organization in the coming year.

Chamber of Commerce president Rhonda Elstone addresses the Thursday night meeting of the Minden Area Tourist Association. Members of the association's executive include, from the left, Don Mintz, Gus Kasulke, Albert Foster and Chamber manager Frank McCarron.

New show at Gallery

The work of Karl Illini is the next show appearing at the Agnes Jamieson Gallery in Minden. The show opens Thursday evening with a reception.

The artist is an internationally known painter who has won numerous prizes and awards for his work. His work includes slate carvings, water colours, acrylics, oil paintings, pen and ink among others. His works have appeared in galleries throughout Canada and the United States.

The show opens Thursday evening at 7:30. The general public is invited to attend. The gallery is open daily from 10 a.m. to 5 p.m. Closed Sundays.

Getting around a farm or ranch can often be a pretty tricky proposition. That's when the sure-footed power of the Honda ATC 200ES (Big Red) comes in real handy.

At the heart of Big Red, there's a hard-working, overhead cam, four-stroke engine. A five-speed transmission with a dual range, intermediate gearbox gives you a choice of gears, for lots of different working conditions, and many types of chores.

Big Red's been outfitted with a couple of big new features for '84, too. Like a rugged shaft drive system. A new, wider rear carrier. And a reverse gear, to back your way out of tight situations.

Come in and take a look at our labour saving runabout, Big Red for 1984. It'll outperform the competition, in any direction.

Alcohol, welfare and time

Alcohol, welfare payments and daylight saving time were three areas of concern which drew the attention of the Haliburton County Council. The council gathered for its first meeting since the summer break September 21 at the County building.

The first matter was raised by the Oxford County Council. It called for an amendment to the Canadian Criminal Code to allow for the testing of alcohol levels in injured individuals by means of a blood sample. At the moment blood samples may not be taken without the individual's permission. The resolution was endorsed.

The second item involved general welfare payments. The resolution, from the City of Stratford, called on the provincial government to accept 100% of the responsibility for cost of general welfare payments. At the moment the municipalities share the cost with the province on an 80 - 20 split, the municipality paying the smaller portion. The resolution was supported.

Finally, the council dealt with a resolution from the City of Toronto calling for an extension of daylight saving time. At the moment daylight saving time begins the last weekend in March and ends the last weekend in October. The Toronto proposal was to extend the period for daylight saving time to include all of March and the entire month of November. The resolution was endorsed.

Education tax hikes

(from page 1)

On another education related matter Cardiff Deputy Reeve Ross Duncan asked if representatives of the Haliburton County Board of Education were going to meet with the county council to discuss the budget and the collection of taxes.

Warden Bill Howe said he did not recall such an arrangement be sought. "There are a lot of pressures on school boards these days," Howe commented. "Perhaps the private sector should start complaining a little more. They are the ones who are footing the bill. In these matters council's hands are virtually tied," he added.

Howe noted that members of the Board of Education are elected just as the councillors are. "They are accountable to the electorate," he said.

Anson, Hindon and Minden Reeve Lyle McKnight told the meeting that two township representatives on the board met with municipal council earlier this year. He said a number of matters were discussed including budgeting.

The matter is expected to be raised at the October meeting of County Council.

AHM agenda

For regular Council meeting of Anson, Hindon and Minden Townships, to be held in the Municipal Council Chambers on Thursday, September 29, 1983 at 7:30 p.m.

1. Adoption of minutes.

Delegations

2. 7:30 p.m. - Laverne Thomas re: original allowance for road between Concession 11 and 12 across lot 15.

Other matters

3. Correspondence.
4. Tax write-offs.
5. Notice of application for minor variances (1) part Lot 9, Conc. 1, Township of Anson (H. Mattke); (b) part Lot 6, Conc. 8, Twp. of Minden (W.P. Houston).
6. Letter - M.T.C. re. Supplementary Allocations to townships.
7. Report re: Planning Committee recommendations.
8. Letter - J. P. Hill et al, re: part of Lot 21 and a part of Lot 22, Conc. 2, Township of Minden.
9. Report re: W. Walker's application to fill lakeshore fronting part of Lot 20, Conc. 3, Township of Minden.
10. Report re: request to purchase original allowance for road between Lot 5, Conc. 4 & 5, Township of Hindon.

By-laws

11. By-law No. 83-37 - Being a by-law to authorize the conveyance of land in part of Lot 2, Concession 3 in the Township of Minden.
12. Other Business.
13. Adjournment.

Timely

The suggestion made by Haliburton Highlands Chamber of Commerce president Rhonda Elstone that local tourist promotion organizations be formed throughout the county may be an idea whose time has come. It certainly deserves further, careful consideration.

Elstone made the comments, stressing they were her personal sentiments and not those of the Chamber's board of directors, while addressing the Minden Area Tourist Association (MATA) meeting Thursday. She suggested that various regions of the county should be represented by a local promotion group and that these groups, should in turn, have representatives on the Chamber of Commerce board of directors.

The idea has merit for a number of reasons. The Chamber of Commerce has taken on the job of promoting the county as an entire unit. It's a big task and one that the Chamber has done with a degree of effectiveness. However, in promoting the entire county, it has had to withdraw from placing too much emphasis on any one sector. To do so would incur the wrath of other regions of the county and seem to be unfair.

This is a void which these local groups could fill. Representing a smaller geographical and economic area, these local organizations could pour their energies into promoting local attractions, local merchants and facilities. This would leave the Chamber free to provide promotion for the Haliburton Highlands as a whole. By having representation on the Chamber's board of directors, a co-ordinated approach to county promotion at various levels could be formulated.

The idea still has some unresolved potential problems, such as how to deal with an area which lacks a local promotional group and determining if indeed the co-operative spirit exists to enable local groups to work together in a concerted effort.

Certainly the recent formation of MATA, the Anson, Hindon and Minden/Lutterworth information booth alliance, and the long-standing existance of the LKTA are indications that merchants and municipalities are seeking a greater voice in promoting their home territory. This just might be the way to do it and still maintain the degree of unity needed to present the Haliburton Highlands as a desirable tourist destination.

letters letters letters

To the teenagers and their parents in this community:

Several years ago a few young adults, frustrated with the lack of community activities for teens, approached a local service club with the idea to start a "Teen Dance Committee". This idea was accepted with great enthusiasm and they started this committee with a cash donation and leadership. A few rules were set and things proceeded. This committee has been a success and if it is to do well in the future you and your parent's help is needed.

These dances cannot function without people to work the various jobs (snack bar, door and chaperones). The amount of volunteers has been diminishing and the same people are carrying the work load.

Parents for chaperones has been one of the rules initially set and must be complied with, but this has become a difficult problem to solve. We, the teenagers of this community, need a few hours of your time so that we may keep this worthwhile activity going.

In the past alcohol and drugs have not been a major problem. Recently it has been noticed that this is changing and must be dealt with promptly. The problem surrounding such vices inside the arena are astronomical and if allowed to get out of hand could result in the end of Teen Dances. Only you can help!

The community centre management has been absolutely fantastic to the committee and their co-operation is needed greatly, but this co-operation is being put in jeopardy by such things as property damage, rowdy behaviour and the unnecessary mess being left behind. Tables should not be left cluttered with ashes, cigarette butts, etc. and is filling ashtrays with pop really necessary? The fee paid by us to rent these facilities does not include the hours of work needed to clean up this type of mess.

If the teenagers of this community want to have a teen dance then it is high time that we showed our elders that we can handle the responsibilities that go along with such an organization.

This committee has the potential to excel and become a respected organization within our community. The teenagers of this community are the ones who will benefit.

Let's clean up our problems so that we can plan the eventful future of this committee.

If you have any questions please feel free to ask or drop a note in our suggestion box located at Mae's Country Mart. The help of both parents and teenagers is greatly needed.

Tim Pritchard
for the Minden Teen
Dance Committee.

Reading the fine print

- by Bill Scott, M.P. -

In July, the new Lindsay - Peterborough telephone book was issued. When I first received our copy of it, I decided I needed new glasses. When the print in the phone book begins to be hard to read something must be wrong.

Since then, I have received copies of petitions, from several townships and several senior citizens' service agencies, directed to Bell Canada regarding the new smaller print size in the '83 book. I contacted the Peterborough office of Bell Canada and asked them what they planned to do about this problem. Their response was that they have converted all phone books in the Ontario region to this smaller format at a cost savings of about four hundred thousand dollars. They did promise, however, to forward my complaint to their Head Office.

On Tuesday, September 20, I had the opportunity of bringing this problem to the attention of the Minister of Consumer and Corporate Affairs in the House of Commons. Here is the text of my question and her response.

"Madam Speaker, my question is for the Minister of Consumer and Corporate Affairs. I have received copies of petitions from the Townships of Somerville, Anson, Hindon and Minden, Fenelon, Verulam, and many others. They deal with the new print in the 1983 Bell telephone books for the Lindsay - Peterborough area. Will the Minister speak to Bell Canada and ask that company to assure her that this print will be larger so citizens can read the directories? I hope this

letters

Editor:

This letter is with regard to the Minden Wild Water Preserve.

This past Sunday kayakers entertained as they have in the past, at the Minden Wild Water Preserve, located below Horseshoe Lake. Large crowds gathered to witness this event.

My conplaint is this: the municipality, at great expense, built a parking lot to cater to the needs of the visiting spectators, however these people fail to use the parking lot. Instead they park along both sides of Horseshoe Lake Road (which infact is a very narrow and poorly maintaned road) obstructing north and southbound traffic. They walk up the centre of the road failing to move when traffic is trying to get through. The problem is also that the Preserve is located on a corner and drivers are unable to see parked cars and pedestrians until they have turned the corner and are unable to slow down.

I called the Minden OPP explaining to them the hazards of the parked cars and the pedestrians. A police officer assured me that someone would be there immediately to look into my complaint. However, one and a half hours later no police officer had arrived, meanwhile more and more vehicles were being parked on the road. (The municipal parking lot contained not more than 5 cars).

This event is certainly worthwhile and a great attraction for our community, however, if proper supervision to prevent unnecessary parking on the sides of the road were maintained it would certainly make alot of local residents happier.

We don't want to spoil this event with an accident or a loss of life and simple enforcement of no parking signs would help to assure the safety of the spectators and the passers-by.

Autumn Davis,
Minden.

coming up

Tuesday, October 4 - Minden and District Horticul tural Society will meet at the Firehall in Minden at 7:30 p.m. The speaker will be Pat Campbell.

Wednesday, October 5 - Meet the Teachers - parents of children at ASES are invited to the Minden Library-Cultural Centre, 8 p.m. to meet their children's teachers.

Scouting has started again for this year. Still time to register. Apple Day coming up Thanksgiving Weekend.

Bell replaces ribbon in official opening

The traditional ribbon cutting was replaced by the ringing of a bell Saturday morning to mark the official opening of the Gull River Training Centre at the Minden Wild Water Preserve.

Victoria Haliburton MPP John Eakins tugged on the cord to sound the bell and mark the opening of the new structure. The bell is located in the dining and meeting hall on the upper floor of the new structure.

Close to 100 spectators and dignitaries were on hand to witness the opening.

The building will serve a number of purposes. When races are being held in the river, it will be the headquarters for the events with results being posted there. Classes will be held in the structure for those learning the sport of white water canoe and kayaking. The building also provides storage space for equipment, indoor washrooms for campers or those visiting the site and an indoor area where campers can escape from inclement weather.

The extensive trail network in the area provides excellent skiing facilities and the organizers hope to see the building used as a base for those taking advantage of the trails.

Roger Parsons, the manager of the Wild Water Preserve and the driving force behind the purchase of the property and the creation of the world class white water course, was the master of ceremonies for the opening. He introduced guests George Drought, the president of the Ontario Wild Water Affiliation, Cheryl Mallen, executive director of Canoe Ontario, Bill Blight, president of the Canadian White Water Association and Bill Obee of the Minden Rotary Club. The local service club has been involved with the races from the beginning, providing a refreshment stand.

Others in attendance included Anson, Hindon and Minden Reeve Lyle McKnight, Haliburton County Warden Bill Howe and John Eakins.

The new training centre was built during the summer months with the assistance of a federal - provincial Co-ed grant.

The New Gull River Training Centre

Animals on hit list

As well as the assortment of small animals that are struck by vehicles each week, two larger ones recently came in contact with cars.

On Saturday, September 24, Howard Glunz, 54, of Etobicoke, driving a 1981 Pontiac, struck and killed a black bear which attempted to cross Highway 35 near Miners Bay. The vehicle sustained $500 damage in the incident.

The following day, the 1978 Dodge driven by Isabel Keefer of Haliburton suffered damage when it collided with a moose on Highway 118 in Guilford Township. The moose ran off (presumably to tell his friends of his narrow escape) and Mrs. Keefer is faced with a bill of $800 to repair her vehicle.

Stripped

On Sunday, September 25, John Badali of Toronto parked his 1970 Ford van on Bobcaygeon Road south of Highway 118. When he returned to the vehicle, he found that all four tires and rims, valued at $1200 were missing along with the battery, stereo, tools and some clothing. The total theft amounted to over $2000.

The investigation was carried out by Constable Barry Connelly.

Bill Scott

(from page 4)

matter comes within her Department."

Hon. Judy Erola (Minister of Consumer and Corporate Affairs): "Madam Speaker, I am not at all sure that it does, but I will certainly take the matter under consideration and look into it immediately."

I do not know what results the outcome of her investigation will produce, but I am hopeful she will at least discuss the problem with Bell Canada before the next book is printed.

Redmen kickers meet Lindsay

The H.H.S.S. soccer team travelled to Lindsay on Wednesday to compete against Lindsay Collegiate.

The Redmen lost a close game 4 - 3 to the Lindsay squad. Goal scorers for Haliburton were Barry Scully, Jeff Popple and Dennis McKee.

The senior team defeated their hosts 3 - 0. Jeff Smith scored two goals and Ed Dupe completed the win by booting in a goal. The Redmen goalkeeper Andrew Shapiera stopped all the Lindsay shots to clinch the shutout.

The junior Redmen made up for their loss last Wednesday by defeating the High School team in Bancroft this week by a score of 3 - 2.

Kevin Barry scored two goals and Barry Scully added one more goal to finish off the win over the host team.

The Redmen travel to Fenelon Falls to play the High School team today (Wednesday).

from the chamber

Everyday we have more and more telephone calls inquiring about the fall colours in the beautiful Highlands of Haliburton. It is such a pleasure to be able to report to people that possibly we might even have some colour left Thanksgiving weekend this year. They are surprised to find that the colours are lasting this year. In many ways it is only a result of having had a long and wonderful summer.

Any organization that has any special events coming up in 1984 should contact the office immediately. We are currently collecting events for 1984 for inclusion on the side of our shopping bags. We would like to have as many events as possible for the side of the shopping bags for 1984. We are also attempting to get the bags out in reasonable time for 1984. Unfortunately, due to the great number of events happening in our County some editing of them must be done to allow us to get the events on the side of the bag.

Rhonda Elstone, George Schmid and myself were very pleased to be invited to a meeting of the Minden Area Tourist Association last Thursday night. The session was very productive for both the Chamber and M.A.T.A. From the high level of interest shown it is quite evident that we should have no difficulty in getting a director or two or three to run at the annual meeting on October 19 from the Minden area.

Speaking of the annual meeting you should make plans for October 19. On that day we will be offering one of the best annual meeting programmes ever run by the Haliburton Highlands Chamber of Commerce. In the afternoon we are running two fascinating seminars, one on 'What You Can Get Out of Canada Post', an explanation of services offered by the Post Office. The other afternoon session is one run by the Bank of Montreal on what kind of commercial banking services are available to corporations these days.

In the morning we have Dave Blenkhorn from Wilfrid Laurier University to talk on "Quality Counts - Lessons from the Japanese". Starting off our day will be a panel discussion.

At lunch time we will be showing a tourism awareness film from the Ministry of Tourism and Recreation. In mid-afternoon we have our annual meeting which is free to all Chamber members which will be followed by table topics, an opportunity to see and talk to office and business equipment manufacturers and retailers. In the evening we have the banquet which features presentation of Highlander of the Year Award as well as what will prove to be a fascinating chat by John Hope-Johnstone. This will be followed by dancing. All of this can be done for $35.00 per person which is tax deductible.

To see and do

October 1 is your last chance to participate in the 1984 Harvest Festival, sponsored by the Haliburton Highlands Chamber of Commerce. On October 1 Haliburton Village is the place to be as they hold "Over 'ome Day". Featured entertainment will be by The Good Companions, a fantastic English Music Hall cabaret-type group. There will be many audience participation events throughout the day as well as good food and drink. Passports are available from Haliburton Highlands Chamber of Commerce office as well as from such locations in Haliburton as Varty Jewellers, Black's Hardware and Stedmans. Passports are $5.00 and will admit you to the day.

Continuing until October 1 at the Rails' End Gallery in Haliburton is the Fingering Fibres exhibit. If you haven't been to this fantastic show of hand made knitted and crocheted items of clothing and accessories then you are rapidly running out of time. All objects in the show are made from fibrous material and it is truly an interesting show well worth seeing. The Gallery is open from Tuesday to Saturday 11 to 5.

On October 2 at Bill's Hills near Wilberforce there will be an amateur hill-climb. This event will get underway at 12 noon with spectators paying only $5.00. Entry is limited to the first 50 bikes. There is limited free parking on the property, and other parking is available nearby at only $2.00. Entry fee for bikes is $15.00. As well as all the excitement of hillclimbing there is camping available on the site for participants only. Further details can be obtained by calling Bill's Hills at 448-2924 between 8 and 10 p.m.

On September 29 the Agnes Jamieson Gallery at 7:30 p.m. will be the official opening of Karl Illini Show. Mr. Illini is an innovative and verstile artist who works in such media as slate carvings, water colours, acrylics, oil paintings, pen and ink, copper etchings, drawings and tangential prismatica. His work has been on display in many galleries throughout Canada and the United States and has won numerous prizes and awards. In addition his work is found in many private and corporate collections in Canada, the U.S., Europe and Japan. This show should be well worth seeing. The Gallery is open from 10 to 5 daily.

On October 2 at the Haliburton Legion Hall the Haliburton Figure Skating Club is holding their annual turkey dinner from 4 to 6 p.m. Tickets are $6.00 for adults, $3.00 for children 12 and under, and preschoolers are free. Tickets are available at the door and this should prove to be a fabulous feast.

senior league

by Bert Harrison

Monday Morning, a lovely morning after much needed rain, it makes one feel life is worth living again.

The chapel service Sunday night took on a different twist, with Harold and Ruth Thompson there to assist. In Acts seven and three it says "get they out of the country and they kindred and come into a land that I will show thee", well Rev. Burgess and wife Mary heeded that call, went to Africa, where they ministered for 20 years and gave them their all. Rev. Burgess showed slides of their work there and how they gave to them their loving care.

Now that Doris is back with us once more Linda shows us movies Monday night as she often did before. Our girls bring these movies us to entertain, few come down to see them, I think it is a shame.

Tuesday morning, James Cooper from Beech Lake on this lovely September day, took the service in the chapel while Rev. Westhaver is away.

Doris Robertson's ball team won the trophy over all isn't that just grand? Don't you think they deserve a real big hand.

We had relatives call on us all the way from Schreiber which is a long way you see, Wray Sisson and wife June and sister Marjorie. Della Curry had a real surprise this twenty-first September day. Her sister in law and husband Dr. Butler came from Alabama which is very far away but that wasn't all, a nephew which she had not seen for five years, came on her to call, then came her son Fred Greer and wife and two sons Jim and Joe, out to Fred's cottage at Haliburton Lake they all did go, had lunch and a real nice visit and we are wondering when they can all get together again.

Now it wouldn't be fair if I didn't tell about Winnie Johnson rocking in her new rocking chair. This was a gift from her son Bill. He knew it would give his mother a real thrill.

It is always music time here on Tuesday nights. It takes Thelma Watson and Al Smith to do the job up right. They play grand music and we all look forward when it will be their turn to play for us again.

The ladies working in the craft room Mary Oliver putting things together, she just works away she says, no matter what the weather. Angus Coulter works five days a week, (that is if he is able) re-finishing all kinds of things like chairs, cabinets and tables.

Down at fun and fitness, different games we take on, the game we played this morning was won by Doris Vaughan.

The A.C.W. ladies from Kinmount brought in a tasty lunch this Thursday, served it up so nicely while Kenneth Hymans fine music he did play. Then after we had a real good sing, we thanked them for coming much pleasure they always bring.

Gerald Welch and wife Jean have been welcome guests of Mrs. Don James while visiting his mother and aunt here at Hyland Crest. Gerald joined the army at age eighteen and spent four and a half years overseas along with many others; had some very close calls but came through with flying colours. While in Cobourg he is taking part in a reunion of the battalion he went overseas with and his mother was really proud of all this.

Friday afternoon was too cold for a boat ride so our girls said they would take us for a bus ride instead. So we climbed in the bus and were told to keep our seat, we had Mike our cook along which was a real treat. He thought we kids would get hungry and need something to eat. We headed out and south did go, relaxed we all did feel, we never worry with Doris at the wheel. We had lots of help to keep us in line, down through Coboconk, Norland we had a jolly time. We were treated to ice cream but didn't have any luck locating any baby ducks.

I think I'll close my letter now, I've nothing more to say, except please watch for colours as it turns from day to day.

Huskies win

by Michael Shirley

The Haliburton Travelways Huskies started their season with a convincing 8-4 win over Huntsville in an exhibition game at the Haliburton arena on Saturday night.

The Huskies took an early lead in the game as Scott Arbuthnot opened the scoring at 8:15 of the first period with assists from Kevin Hamilton and Jeff Stamp. Less than two minutes later, Arbuthnot scored his second power play goal with assists from Scott Rae and Drew Bishop.

Haliburton continued their dominance of the game with a goal at 13:17 by Glen Evans assisted by Jeff Stamp.

The Huntsville team came on stronger at the beginning of the second period, scoring their first goal of the game at 2:17. With most of the action occurring in the Huskies' end it took strong goaltending by goalie Dave Story to keep the Huntsville team from scoring.

Doug Schell relieved some of the pressure by scoring for the Huskies at 9:57 but Huntsville answered with a goal less than a minute later to make the score 4-2 for the Huskies at the end of the second period.

Huntsville scored first in the third period at 5:56 on a breakaway narrowing the score to 4-3 for the home team.

Then Jeff Smith opened a scoring spree for the Huskies by popping in a goal less than 20 seconds later when he was left alone in front of the Huntsville net.

Drew Bishop then scored two goals in less than two minutes and Jeff Smith added his second goal of the game 43 seconds later. The Huskies had scored 4 goals in less than 4 minutes to ensure a victory.

Huntsville scored the final goal of the game at 12:01 of the third period. Haliburton held on to win their first exhibition game by a final score of 8-4.

Scott Arbuthnot and Drew Bishop set the pace for the Huskies with 2 goals and an assist each. Jeff Smith with a pair of goals and Jeff Stamp and Scott Rae with two assists each, also had a strong game for the Huskies.

Referee Gerry Blodgett was kept busy during the game handing out 40 minutes in penalities to the home team and 34 minutes to the visitors.

The Huskies play their next exhibition game in Huntsville this Friday at 8:30 p.m.

The Haliburton team begins the regular season on October 7 in Huntsville and play their first home game of the season on Saturday, October 8 against Penetang.

Everyone was looking for the puck in front of the Huskies net during Saturday night's exhibition game. The Haliburton Junior 'C' team came on strong in the third period gaining an 8 - 4 victory.

Redmen split Brock games

The HHSS Redmen played their first road game of the season against Brock High School in Cannington on Friday.

The senior Haliburton team was defeated by a score of 19-0 while the juniors defeated their hosts 20-0.

There was no score in the first half of the senior game with most of the action occurring around mid-field. The Redmen had a number of opportunities to score before half-time but were unable to take advantage of the situation.

The Cannington team ended the stalemate in the third quarter by scoring two touchdowns but failed on the conversion attempts.

Late in the fourth quarter Brock scored again and this time made the one point conversion to complete the shutout.

With eight players on the Redmen squad playing on both defence and offence teams, fatigue played an important role in the game. According to coach Gary Brohman, "We simply ran out of steam." A number of injuries to the Redmen also contributed to the loss. The senior squad's record now stands at one win and one loss.

It was a different story for the junior team however, as they chalked up their second impressive victory of the season.

Scoring opened in the second quarter with a Redmen touchdown on a ten yard run by Mike McNaull. The quarterback Trevor Powers then passed to McNaull for a two point conversion to make the score 8-0 at half-time.

The Redmen broke loose in the second half of the game. In the third quarter a march downfield culminated in a touchdown as Powers scored on an option play. The conversion attempt was blocked. Mike McNaull added another touchdown early in the fourth quarter on a 25 yard run play to round out the scoring at 20-0.

The Redmen continued their dominance of the second half of the game but had two touchdowns called back on penalties that were due mainly to mental errors.

The Redmen are at home this Friday playing host to Fenelon Falls S.S. The senior game begins at 2 p.m. followed by the junior's contest which should be an exciting game as the teams appear to be quite evenly matched.

IF YOU OWN OR RENT PROPERTY IN ONTARIO, GET INTO THE ACT.

On August 1, Ontario's new Planning Act came into force. So if you rent, own, or are about to buy property in Ontario, it makes sense to get into the Act. To know what it says.

Did you know, for example, that it's the municipality's duty to inform the public before changing zoning bylaws? And that your rights to appeal are guaranteed by the Act? Or that if something is to happen to the use of land next to yours, or on your street, you must be notified?

Also included are new ways of insuring that the public interest related to such issues as foodland, natural resources, and heritage areas is protected. Concerns which are important to all of us.

Getting to know the Act is as easy to do as sending the coupon below to:

Communications Branch
Ministry of Municipal Affairs and Housing
56 Wellesley Street West, 2nd Floor,
Toronto, Ontario, M7A 2K4

You will receive an informative brochure filled with pertinent facts.

That way, you too can get into the Act.

Ontario
Ministry of Municipal Affairs and Housing
Claude Bennett, Minister

I'd like to get into the Act.

Please send me my free brochure about our new Planning Act.

Looking back

The account of the fifteenth annual meeting of the shareholders of the Canadian Land and Emigration Company indicates that things are starting to turn in the company's favour. However, the problem of the government giving land to the settlers while the company was attempting to sell it still existed. The following report of the meeting appeared in the March 23, 1869 edition of the Canadian Monetary Times of Toronto.

The fifteenth (By the Memorandum of Association of 1861, two General Meetings were held each year, and by the revised articles of 1870 only one General Meeting was held. The numbering of the reports varied accordingly.) annual meeting of the shareholders of this company was held at the London Tavern, London, on the 3rd inst.

The Chairman, in moving the adoption of the report referred to the reconstruction of the Board, and the completion of such arrangements as would have the effect of giving more harmony to their deliberations. The directors, as you are aware, have shelved for some time the question of remuneration except such as should be voted to them at the annual meeting of the company. Now with regard to Canada. The Toronto board ceased to exist on the last day of last year, at the general wish of by far the greater part of the shareholders, and we believe that the time has come when its services are no longer required. We are at a great distance from the scene of the operations of the company, and it is important that we should have gentleman there as manager in whom we could place thorough reliance, but upon whom there should be a check. Mr. Blomfield has been appointed — a man in whom, from all accounts, and from our experience of him for three years, we can place an implicit confidence; and we are agreed that within certainly defined limits he should have the fullest liberty to act for us to the best of his ability. Up to this time he was hampered by the Toronto board, to whom he acted as secretary, on the one hand, and on the other by fear of misrepresentations sent home...

The Rev. Mr. Tucker ... thought it would be of advantage to the company to give away to *bona fide* settlers certain portions of land, say 100 acres, for they had now to compete with Government, who gave away gifts of land to the extent of 100 acres to any one who proved themselves to be a *bona fide* settler. And unless they did so, how could they expect men to take land from them? He would counsel the board to take the question into consideration, and to try it at least for two or three years. He wished to say nothing more, only to reserve to himself the right of proposing a director at the proper time.

Mr. Montgomerie (director) said — With regard to free grants of land by the Government, the company had made a remonstrance with them, not to ask them to give this up, but to say that it was scarcely fair to the company, considering the terms on which they had taken their lands. The Government recognized the justness of the complaint, and expressed themselves ready to discuss the questions with the company. But it was already a fact that we had given several free grants of land upon the roads through their lands where it was necessary to keep them open for traffic. The land was given upon the condition that the settlers kept the roads free from underbrush. So that there was considerable difference between their free lands and those of the Government; for by the means of their free lands they kept open the roads upon their estates, which the Government did not undertake to do. And so great was this benefit, that all persons who had any money to buy land preferred to buy the land of the company rather than take the free lands of the Government. With regard to forfeitures, he thought that the directors could scarcely be blamed for pressing upon these persons to pay; they had abstained from doing so as long as they could with justice to the other shareholders...

The best little warehouse in Haliburton!!

around the county town

by Yvonne Guida

As of October 7th, I will be living in Lutterworth Pines, just a stone's throw away from where I live now. Anyone who wishes to reach me may do so at 286-1332.

* * *

As a columnist I have written in The Times to a lot of classic buffs in the area and I hope they will respond once more in letters. We hope the CRTC grants the licence of CFMX-FM to Martin Rosenthal, since he is continuing the classical music format on the station. Mr. John Meisel is chairman of CRTZ. Please send your letters to Mr. Martin Rosenthal, CFMX Stereo Station, Port Hope, P.O. Box 1031, Ontario. Do support this fine cause, otherwise all we have to look forward to is country-western. I have nothing against this, but I get so blame sick of it after awhile.

* * *

I have been honoured to be asked to present the Art Scholarships to the young, deserving and aspiring artists in our school, at the dinner to be held at the Haliburton High School, on Wednesday, October 22 at 6 p.m. Needless to say I am very proud. These young people have worked very hard for their achievements.

* * *

Lutterworth Estates will hold its annual Fall dinner-dance on Wednesday, October 12 at the Wagon Wheel. The happy hour will begin at 6 p.m. There will be chances, games and draws as well as dancing. The Wagon Wheel always serves a bang-up dinner. For members, tickets are $7.00 and for non-members the tickets are $11.00. It should be a fun evening so come on along.

* * *

Mr. and Mrs. Ron Davis and family of Ivanhoe Lake were house guests of her mother and father, Mr. and Mrs. Earl Hewitt of Minden. Also visiting on the weekend were Mr. and Mrs. Daryle Davis of Foleyet, Mr. and Mrs. Bob Garbut of Scarborough, Mr. and Mrs. Bill Burnette of Keeler, Michigan. A lovely brunch was held on Sunday for all at the home of Mr. and Mrs. J. O. Jackson. A good time was had by all.

* * *

Have you ever been invaded by fleas in the house? Well I can tell you first-hand I have. Poor Brandy got them on her and as a consequence I found them in my bed and everywhere else in the room. I thought, My God, we've been invaded, as I have a horror of bugs of any sort. I slapped and smacked and suffered, as did Brandy. When you literally get a bug in your bed - it's not funny. I finally found a spray to fix the darned critters and I haven't seen a one since. However, I guess they don't eat much!

* * *

New England and the Maritimes is a great setting for ghost stories and if you are interested in that sort of thing, which I am, the folks down there can tell you some dandies. I bought the book, Haunted at St. Andrews, P.E.I. I have my own private ghost story which a lot of folks wouldn't believe.

* * *

Congratulations and best wishes to Julie Lemelin of the Fireside, who celebrated her birthday last Friday. Everyone wishes her many happy returns of the day.

* * *

For your reading amusement, My Lobster is Double Parked by John Porteous. It was bought in St. Andrews, P.E.I., and is hilarious.

* * *

I have met many people lately 80 and 90 years young, and I feel that their feistiness and love of life is something that has kept them alive. God bless them.

* * *

On October the 8th, at 10:00, in the store next to Vasey's, a St. Paul's Bake sale will be held. First come, first served for a lot of Goodies. Don't forget the date.

* * *

On Thursday, September 29th, the Agnes Jamieson Gallery will present the work of artist Karl Illini. The show will open at 7:30 p.m. and promises to be a fine one. People who know him personally, have a great deal of praise for his work, so do take advantage of this artist's offerings. Refreshments will be served and everyone is welcome.

* * *

At last Thursday's afternoon Mini-Card party at St. Paul's Parish hall, winners for cribbage were Joyce Hewitt and Dora Dawson and for euchre, lone hands, Gladys Wruth, Irene Houghton and Pearl Cowan. These games begin at 1:30 sharp and everyone is welcome to attend.

* * *

The leaves are beginning to turn and should be at their best this weekend. Last night, I hope you saw the magnificent rainbow that hovered overhead for many minutes. I have never seen one quite like it.

* * *

The true greatness of a person does not lie in riches or power, but in character and goodness. Everyone is human, everyone has his faults and shortcomings but everyone is born with a great deal that is good in him. And if one were to begin by encouraging the good, by giving poor people the feeling that they are human beings too, one would not even need money or possession to do this. **Anne Frank.**

* * *

Irma Homestead and her son Michael just returned from a lovely trip to Germany, a two week hiatus to visit the Oktoberfest in Munich and surrounding area. They arrived home last evening, tired but happy after a successful trip.

* * *

We are sorry to report that Dr. Hilliard Varty passed away last Friday. For many years he spent much time at Twelve Mile Lake and is very well known there. Dr. Varty was a verteran of World War II. He will be interred in Toronto and will be sorely missed.

* * *

The Meaning of Friendship
What does it mean to be a friend?
A helping hand to the journey's end.
A loyal heart and a loving too,
No task too great for a friend to do!
A tongue that's quickest to defend
A friend comes through when the test demands
A friend is a person who understands.

* * *

Mrs. Gertie Myles of Peterborough visited Mr. and Mrs. Fred Cooper over the weekend and attended the Snell/Darby wedding.

* * *

Friends and relatives were saddened to hear of the death on September 3 of Howard Westran of Gloucester, Ottawa. Our condolences to his family.

* * *

Mrs. Fred Cooper and Mrs. Gertie Myles recently spent a week with Sally Westran of Gloucester. The Westrans were residents of Minden for many years. He worked at the Orillia Light and Power in Minden and Mrs. Westran was the former Sally Smith.

kid's korner

by Jean Lacey

Hi kids!

Here is another puzzle for you. Look in the diagram of letters for the words given in the list. Find them by reading up, down, forward, backward and diagonally. They are all in a straight line and do not skip letters.

It's as easy as that. Have fun.

AND THOUGH I HAVE THE GIFT OF PROPHECY, AND UNDERSTAND ALL MYSTERIES, AND ALL KNOWLEDGE; AND THOUGH I HAVE ALL FAITH, SO THAT I COULD REMOVE MOUNTAINS, AND HAVE NOT CHARITY, I AM NOTHING.

Q: What speaks every language?
A: An echo.

* * *

Q: Why do Eskimos weep so much?
A: Because they must have their daily blubber.

Q: What well known animal drives an automobile?
A: The road hog.

Q: What makes an empty match box superior to any other?
A: Because it's matchless.

Q: Why would a barber rather shave six Americans than one Russian?
A: Because he would get six times as much money.

* * *

Q: What is the most effective way to turn people's heads?
A: Go to church late.

* * *

Q: Instead of complaining when it rains in Mexico, what do people do?
A: Let it rain.

* * *

Q: What is it that is too much for one, enough for two, but nothing for three?
A: A secret.

* * *

Q: If you were locked in a room that had nothing in it but a calendar and a bed, what would you do for food?
A: Get water from the bed springs and dates from the calendar.

Real Estate agreement signed

Housing Minister Claude Bennett and Ontario Real Estate Association (OREA) President Walter Dean will jointly sign a Declaration of Fair Housing Practices in Toronto this week.

The declaration indicates the commitment by the 25,000 members of the Association to the practice of non-discrimination in housing in this province.

The declaration is an updated version of the original Fair Housing Practices document signed in 1966 by representatives of the Ontario government and the real estate association.

The 1983 declaration will be signed as part of OREA's Private Property Week celebrations, at the Constellation Hotel at 10 a.m., Thursday, September 29. Dean, the 1983 OREA President, said that signing the document as part of Private Property Week underlines the basic nature of the celebration – a recognition of the traditions and values which have made Ontario a province which emphasizes individual liberties.

Private Property Week is scheduled this year for October 2 - 10, with various activities undertaken by local real estate boards throughout the province.

The Association began redrafting the Declaration of Fair Housing Practices after the Ontario government introduced the new Human Rights Code last year.

Bennett, as the minister responsible for housing throughout the province, has expressed his appreciation for the Association's determination to ensure that all citizens of Ontario receive fair and equal treatment in housing matters.

Commenting on the declaration, OREA President Dean added that the concept of the right to own, use, and enjoy property was one which attracted hundreds of thousands of immigrants from all nations, races, and creeds. In line with the Association's deep concerns about property rights in the province, he said, it is essential that organized real estate in Ontario reconfirm its beliefs that all citizens in 1983 and future years be assured that those rights would continue.

The Ontario Real Estate Association, which was formed in 1922, represents 25,000 real estate professionals in 48 local real estate boards across Ontario. It is the government nominee for real estate education and pre-licencing courses.

Real estate boards across Ontario will be marking Private Property Week October 2 - 10. Locally, the Haliburton and District Real Estate Board will be having a dinner meeting October 6 at which Fraser Rogers will be the guest speaker.

Kathy Stiver recently graduated from Humber College in Toronto where she was attending the Funeral Service program. A graduate of HHSS, Kathy was one of seven girls in a graduating class of 59. She has also passed her examination with the Ontario Board of Funeral Services. Attending the graduation exercises were her proud mother, Mrs. Mary Stiver of Halls Lake, sister Christine of Oshawa, and aunt Mrs. Alice Vague of Ringwood. Kathy is now employed at the Gordon A. Monk Funeral Home, Minden.

The Agnes Jamieson Gallery
Our October Exhibition is by Karl Illini, a very versatile and innovative artist from Bobcaygeon.

His tremendous range includes pen and ink drawings, slate carvings, watercolours, acrylics, oils and copper etching.

"Tangential prismatica" is the latest innovation and you will have to visit the gallery to satisfy your curiosity about that one.

The Opening is on Thursday evening at 7:30 p.m.

Do plan to attend, meet the artist, and enjoy his work.

CARD OF THANKS

Mrs. Elsa Seuret, glad to be home from hospital, wishes to thank Major and Mrs. G. Lewis, Vera Ward, Helen Cox, Ann Rockory for their kind help. Thanks also to residents of Sunrise Apartments and Mary Windover and all her family for their visits and cards. 9D

On Sunday, September 18, 1983 a very special member of our family passed away. Barr was not just a dog but an important part of our lives. Barr gave us laughter, joy and a good deal of love, without him our hearts are aching. We would like to thank Dr. and Mrs. Peter Bennett and Clinic Nurse Heidi for their patience and compassion during Barr's illness. These people are truly a credit to their profession. Sincerely,
Robert and Susan Clift

Autumn Tours — Minden — **1983**

Welcome to the Highlands

Welcome to the Highlands of Haliburton! You have chosen an excellent time of the year to visit and we hope you enjoy your stay.

To help you find your way about the Highlands, and add a new dimension, that cannot always be found along the major highways in the area, we have prepared a selection of tours contained in this special edition. While Highways 35, 121, 503 and 118 provide important access routes to the Highlands, interesting vistas, rushing waterfalls and a chance to glimpse some of the wildlife that inhabits our forests awaits those who are willing to venture off the main thoroughfares.

It is on the back roads that speed matches the mellow mood of the season. Here the visitor can stop to take a photograph or simply pause to savour the scene spread before him.

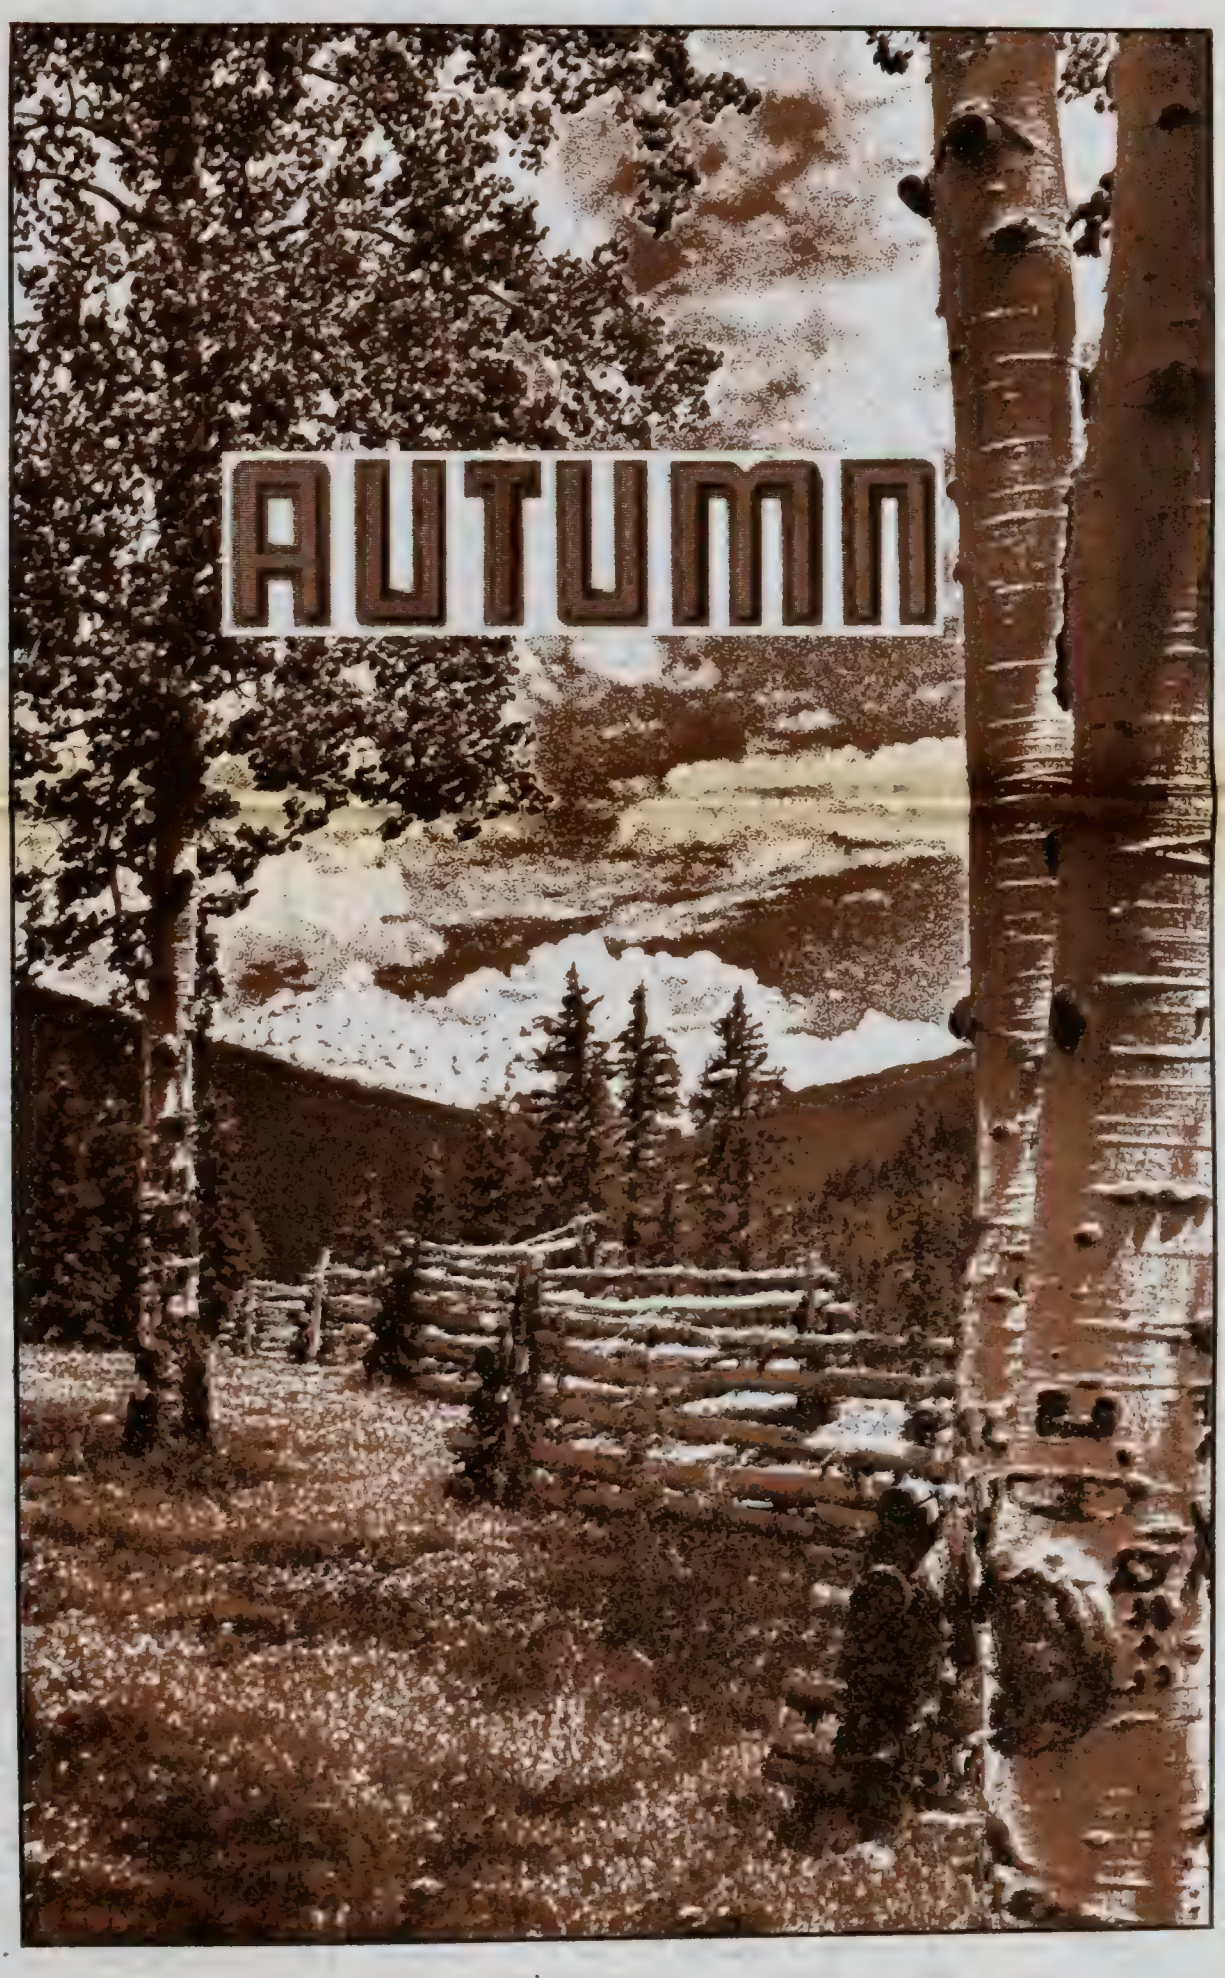
It is with this perspective that we have prepared the tour routes in this edition. A large portion of the tours will be over secondary roads, many paved, some with gravel covering. In any event all routes have been carefully selected to provide safe passage for vehicles and passengers.

All tours start in Minden, but many of them connect at various points along the routes. Our suggestions are by no means the final word on seeing autumn at its best and if one wishes to combine bits and pieces of each of the tours into one package, so much the better.

For your added enjoyment we have, in the description of the tours, pointed out the various sites of interest along the way. Locations for picnics and places where hiking would make an interesting change of pace have also been noted. The route maps and descriptions also indicate the distance in kilometres travelled from a starting point in Minden.

Haliburton County covers a large area. There are many roads and hidden corners of the Highlands we have been unable to include in this supplement. We leave these for the adventuresome to find. Rest assured that if you should become lost, the friendly residents of the county will be glad to direct you back to familiar territory.

Autumn is a glorious time of the year. While its passing can be quick, the pace for enjoying it at its best is slow. We hope you find as much pleasure in the season as we do.



Tour #1

★ Minden

—Minden Wild Water Preserve Km. 6

—Haliburton Village Km 27

—Buckhorn Road Km 39

—Gooderham Km 56

—Tory Hill Km 69

—Haliburton Village Km 92

—Highway 121 Km 109

★ Minden

This tour leads you east of Minden through the hills of Blairhampton and past the Village of Haliburton. A part of the route is over gravel roads, but all are well maintained.

Start from the bridge in Minden following the Gull River along South Water Street to Highway 35. Turn left onto the highway and head north past the 121 intersection, over the bridge and turn right onto Horseshoe Lake Road One. Up the steep hill the road parallels an excellent fishing area along the Gull River.

Horseshoe Lake road winds through picturesque countryside with occasional glimpses of Minden Lake, the body of water formed by the hydro dam, visible on your right.

At **Kilometre 6** *you reach the Minden Wild Water Preserve. This is an ideal setting for a picnic, or a quiet stroll beside the rushing water and offers the photographer numerous opportunities to ply his craft. The site is also the location of canoe and kayak competitions throughout the summer.*

Just above the Horseshoe Lake dam cross the one lane bridge to the right. The road leads past the Bethel Church, one of the oldest structures in the county and certainly one of the earliest churches to serve residents. A short distance past the church follow the right leg of the Y turn and follow the road until it reaches Highway 121 at **Kilometre 12**.

Turn left on 121 and watch for a sign indicating the Old Allsaw Road to the right. This road dips down to parallel the shores of Lake Kashagawigamog. Here tall maples and other hardwoods form an archway of colour for the traveller. Again the route returns to Highway 121 at **Kilometre 15**. *Turn right and follow the highway east over the bridge which separates Lake Kashagawigamog from Soyers Lake and watch for the Airport Road on your right just past the Allsaw General Store.*

Turn right here at **Kilometre 17**. *Once again the route leads to the shores of the lake with the long name. It offers the traveller a glimpse of the beautiful scenery across the lake and the many resorts which dot the northern shore of the lake. Again, the route returns to Highway 121, but just before the stop sign and the highway, turn right onto Kashaga Drive to continue your shoreline trek. At* **Kilometre 25** *turn right onto Highway 121 and follow this route into Haliburton Village nestled on the shores of Head Lake.*

As you enter the community you'll pass the high school on the right with antique steam engine and jet fighter standing to the one side. Further along the shoreline is located the Rails' End Gallery, home of many interesting art exhibits. A must to visit. Follow Highway 121 to the stop lights. Turn right then right again at the flashing light.

This route takes you around the large hill which serves as a colourful backdrop for Haliburton Village. Follow the road to **Kilometre 33**, *just before the pavement ends, where you turn left. Stay on the gravel road, bearing to the right at the Y intersection, until the road brings you back to Highway 121.*

Here, at **Kilometre 37** *turn south for two kilometres then right again onto the Buckhorn Road. A paved county road, this route takes you south through rolling country that offers numerous colourful vistas. At* **Kilometre 55** *the stop sign indicates you have reached Highway 503. A right turn brings you to the community of Gooderham. Follow 503 east to the settlement of Tory Hill then turn left onto 121 for the return circuit to Haliburton Village.*

Follow Highway 121 through Haliburton to a left turn just before the jet fighter monument. Travel south on County Road One to **Kilometre 96**, *turn right on County Road 18 and follow the route along the southern shore of Lake Kashagawigamog. This is the same body of water the tour followed earlier, except now you're travelling on the opposite shore.*

The road leads through the charming settlement of Ingoldsby and back to Highway 121. Turn left at this point, **Kilometre 109**, *and return to Highway 35 at Minden.*

Tour #2

We like to think of this tour as the Lutterworth Loop as it takes you through some of the prettiest countryside in Lutterworth Township, south of Minden. The route starts in Minden at the entrance to Deep Bay Road, just across the Gull River Bridge, past The Times office, on the left.

— Rackety Trail Km 6

Follow the Deep Bay Road southerly as it parallels the course of the Gull River. Eventually the road breaks away from the river valley and, after crossing a number of large hills, emerges on the shores of the Gull Lake.

At **Kilometre 8** *a sign points out the Rackety Trail to the left. Follow the trail as it winds through thick forest that forms a canopy overhead, past the entrance to Onondaga Camp and on to Rackety Creek. Here a small dam and a drop from the Little Bob Lake to Gull Lake provide a setting for a picturesque scene. A small public area beside the dam makes an ideal location to stop and enjoy the beauty of the setting firsthand.*

— Gull Lake Road Km 16

Retrace your steps to the Deep Bay Road and turn left, continuing in a southerly direction. **6 Kilometres** *on, as the road once again approaches Gull Lake the road forks. Follow the route to the right, which will cut along the western shore of the lake, eventually emerging at Moore's Falls on Highway 35. To the left, less than a kilometre, is another dam and picnic area where Gull Lake empties into Moore Lake. Another quiet place to stop and rest.*

— Highway 35 Km 21

— Elliot Falls Km 29

Travel south Highway 35 after visiting the falls.

— Norland Km 31

At **Kilometre 26** *the road will lead you out of Haliburton County into Victoria County. This highway leads to Norland, but before arriving you will pass Elliot Falls at* **Kilometre 26.** *This is a larger falls than the other two already visited. There are picnic tables here and anglers will find the swirling waters to be challenging.*

— Buller Road Km 33

Just past the falls you enter the village of Norland. At **Kilometre 31,** *right in the centre of the community, turn left onto Highway 503. Follow this highway until a sign indicates Buller Road to your left. Follow this gravel road and disappear into the outback of Lutterworth Township.*

The road is rough but certainly not a hazard to your vehicle. At **Kilometre 37** *the road forks, take the route to the right.*

The map tells us there is a community of Buller, however today it is a small collection of houses that mark the place.

At **Kilometre 42,** *across from the lovely stone house on the right, turn left onto Clear Lake Road. This route leads back to Highway 35 at Miners Bay and passes Clear Lake, a body of water which, the last time we saw it, had an aqua-green colouring.*

— Clear Lake Km 43

Back at Highway 35, rather than turn right to Minden head straight through the intersection on a route that will give you a glimpse of the east side of Gull Lake. This paved road leads once again back to Highway 35, turn left and you are on the way back to Minden.

— Miners Bay Km 45

Tour #3

★ Minden

— Pike's Peak Km 1

This tour leaves Minden from Newcastle Street, just off the main street beside the Rockcliffe Hotel. Follow Newcastle Street to Highway 35 and cross the highway onto the South Lake Road. **1 Kilometre** *along the road a diversion to the left will take you up to Pike's Peak, a scenic lookout where you can get an excellent view of Minden and the surrounding countryside. A great place for photographs.*

Back on the South Lake Road, continue easterly until it meets County Road One at **Kilometre 8.** *Turn left here towards Lochlin.*

— County Road One Km 8

Just as you enter the small community of Lochlin you will pass a library building on your left. Just past this point turn left onto the Ingoldsby Road. (This route follows a gravel road leading toward Haliburton. The road is in good condition but is steep and twisty in some locations. If you prefer to travel on paved roads follow the county road through to Haliburton Village and pick up the tour there.)

— Lochlin Km 13

For the adventurous ones who are still with us, follow the Ingoldsby Road to a T intersection. Turn right and for five kilometres enjoy some of the finest countryside Haliburton has to offer. At **Kilometre 21** *bear left at the stop sign, slowly winding your way down off the hill back to the paved road. A stop sign and a left turn will put you back on the highway.*

— County Road One Km 24

Into the village of Haliburton, turning right as the road meets Highway 121 and right again at the lights in the centre of the village.

Follow Highway 121 easterly out of Haliburton, climbing a large hill and watching for signs indicating Skyline Park on your right. Not to be missed, this park, perched on a cliff over the village of Haliburton provides a spectacular view of the surrounding lakes and hills. Picnic tables are supplied. A must stop for camera buffs.

— Skyline Park Km 30

Having enjoyed your fill of the scene from Skyline Park, retrace the route to Highway 121 and turn right to continue a generally southeasterly journey. At **Kilometre 35** *watch for the signs indicating the Buckhorn Road to the right, (sometimes known as County Road 3). Follow this route as it twists and winds past quiet lakes and colourful banks of autumn trees.*

— Buckhorn Road Km 35

It is a **17 Kilometre** *trip that brings you to the T intersection with Highway 503. To your left less than a kilometre away is the community of Gooderham. You can find refreshments here or enjoy a break in the municipal park on your right just past the bridge. For those who are feeling the need for a little exertion, an exercise trail winds its way through the park.*

— Highway 503 Km 52

After visiting Gooderham head west again on Highway 503 toward Kinmount. The route passes through rocky country and magnificent scenery.

The highway passes through Furnace Falls. Located on the edge of the Irondale River there is a pretty park overlooking a cascading waterfall. Picnic tables are available.

— Furnace Falls Km 64

Kinmount, **29 Kilometres** *from Gooderham, is an interesting little village on the Burnt River. The old mill and river setting is especially picturesque.*

Leave Kinmount by heading north along Highway 121 through rugged rock strewn country to the intersection with Highway 35. Here a right turn and a three kilometre drive will bring you back to Minden.

— Kinmount Km 87

Tour #4

Dorset, the small community in the northwestern corner of the Haliburton Highlands is the focus of this tour. There will be some retracing of the route, but that means that travellers will be able to get a second glimpse of some of the most spectacular scenery in the Highlands.

The tour starts at the Gull River bridge in Minden. Head north along the Bobcaygeon Road. The name refers to the community which lies approximately 40 miles south of Minden and is evidence to the early importance of this route for the area's pioneers.

— Queen's Line Km 7

However, as Minden slowly fades out of the rear window, one soon realizes that this portion of the road was the upper end of the once important route. Paved roads yield to gravel and the number of homes along the roadway dwindle and soon the glorious colours of autumn crowd the shoulder of the road.

— Highway 118 Km 14

At **Kilometre 7** *turn left onto the Queen's Line, slowly threading your way through the overhanging maple boughs to the crest of a tall hill overlooking the wide valley below. Descend the hill and make a left turn at the bottom of the hill. This is still the Queen's Line. Bear left at the twisting intersection, halfway up the hill and shortly thereafter, the road once again crosses the crest of a high knoll. To your right a sweeping vista includes colourful autumn foliage, set off by the dark evergreens.*

Kilometre 14 *brings you to a stop sign at Highway 118. Turn right and follow the highway for two kilometres to the Kushog Lake road. Turn left and follow the paved route, bearing to the left one kilometre after the initial turn.*

To the right, as you follow this twisting hilly route is Kushog Lake. Glimpses of it can be seen through the trees. The lake is ringed with cottages and is a popular vacation area summer and winter.

The road leads to Highway 35 at Ox Narrows. At this point turn left and head north along the highway as it parallels the upper portion of Kushog Lake. Here the leaves on the far shore are reflected in the waters of the lake, adding to the beauty of the season. You'll also find a number of convenient spots to pull off the road to pause for a moment and drink in the scene. It's a great spot for photographers and the keen angler might wish to wet a line.

— Frost Centre Km 35

At **Kilometre 35** *the road passes the Leslie M. Frost Natural Resources Centre. This facility has been used in the past as a training base for Ministry of Natural Resources personnel. As well, many classes from schools throughout Ontario have visited the centre to take advantage of the numerous outdoor education programs which are offered.*

The centre also welcomes the casual visitor. A full program is provided during the summer with classes in canoeing, prospecting and nature study. During the off season visitors are invited to tour the displays in the main building. These provide information on trapping, logging, the animals which inhabit the Highlands forests. You'll find a large number of pamphlets covering various subjects of interest and a friendly, knowlegable staff willing to answer your questions.

(Frankly, our favourite time at the Frost Centre occurs, not in the autumn, but each spring. The centre staff operate a sugar bush and each spring as the snow starts to melt, demonstration tours of the facility are provided. The tour includes a chance to see a number of methods of collecting sap and a large evaporator in operation. The crowning touch, however, is sitting down to a plate of steaming hot pancakes smothered in maple syrup. Ah, but that's another six months away.)

— Lookout tower Km 49

Back on the highway, continue your northerly trek, again skirting picturesque lakes and banks of colourful trees. At **Kilometre 47** *the highway bypasses the community of Dorset, to which we'll return momentarily. Follow the highway past the community and up a long winding hill where, at* **Kilometre 49**, *you'll notice a sign indicating the scenic tower. Turn left onto the access road and thread your way to the base of the tower. Even without climbing the converted fire tower you can*

Tour #4 continued

— Dorset Km 51

take in a breath taking view of the Highlands. To the right as you look south is Lake of Bays, to the left, Kawagama Lake, at your feet, the Village of Dorset.

This is a must stop for camera buffs. And whether you decide to climb the tower or not, you'll enjoy the opportunity to stretch your legs. The park at the base of the tower provides picnic facilities and conveniences.

Retrace the route from the tower to Highway 35, then south for two kilometres to the community of Dorset. Take the time to visit the village, entering by the north road. In Dorset you'll find the famous Robinson's General Store. The store has been named Canada's best general store and has been the subject of many newspaper and television features. As you stroll through the emporium, you'll see why the store has attracted so much attention.

After taking part in the community, cross the one lane bridge and turn left past the post office to bring you back onto Highway 35. Continue then to retrace your steps by heading south past the Frost Centre and Kushog Lake.

— Kanawa Canoe Museum Km 73

Just after crossing the bridge at Ox Narrows and following the sweep of the highway, you'll notice on your right an archway indicating the entrance to the Kanawa Canoe Museum, **Kilometre 73.** *This collection of water craft from throughout the world has been judged to be one of the best in existence. Collected by Kirk Wipper and brought together in the lovely piece en piece log building, the crafts provide an impressive display of man's ingenuity in water travel.*

The road to the museum, which is also shared by Camp Kandalore, winds through a lovely stand of hardwoods. Though it may be a bit rough, the extra effort spent in visiting the museum is well worth it.

— Hawk Lake Road Km 79

Back on Highway 35 and travelling south, at **Kilometre 79** *turn left onto the Hawk Lake Road. Turn left at the T intersection with the lake in front of you. This route parallels the shore of the lake that gives it its name. Here cottages and homes hug both sides of the roadway while the bright hues of autumn colour the deep blue water.*

At **Kilometre 82** *turn left onto the Big Hawk Road. This route will take you along the shores of the Hawk River. Here the Township of Stanhope has provided several picnic areas complete with tables and outdoor conveniences. It is a perfect place for a picnic or a good place just to relax for a few minutes. Follow the road to* **Kilometre 85** *where, on your right, you'll note a dam at the outlet of Big Hawk Lake. If you get out of your car and move a bit closer to the edge of the gorge, you'll see a large reconstructed log chute.*

— Log chute Km 85

The chute and gorge in which it sits offer a number of interesting photographic possibilities.

Retrace the route back to the stop sign at the Hawk Lake Road. Turn left, and, after crossing the bridge, turn right onto Highland Road. This route completes the circuit of Halls Lake which you can glimpse through the trees on your right.

Back to Highway 35 at **Kilometre 93**, *turn right. Immediately on your left is a small park at which you can stop and enjoy the scenery, especially that of Buttermilk Falls. This waterfall at the end of Halls Lake is one of the prettiest in the county and worth a few minutes of your time.*

— Highway 35 Km 93

Just over the bridge that spans Buttermilk Falls, turn left onto Boshkung Lake Road. Heading south through rolling country you'll pass a number of pre-historic monsters, created by the staff and young people at Camp Calumet. At the first T intersection turn right, then left at the stop sign.

— Buckslide Km 99

At **Kilometre 99** *you'll pass Buckslide, not quite a waterfall, not quite a river or stream, the water seems to slip over the rocks as it drains from Kushog Lake to Boshkung below.*

Leaving the picturesque scenery of Buckslide behind, you'll come to a stop sign. After obeying the instructions, continue straight ahead as the road takes you back to Highway 118. Turn left on 118, at **Kilometre 102**, *noting the highway crosses a bridge separating Boshkung, to your left, from Little Boshkung Lake on your right. Up a high incline and over the top, you descend into the throbbing heart of Metropolitan Carnarvon.*

— Highway 118 Km 102

A turn to your right puts you on Highway 35 and headed back to Minden, some 15 kilometres distant.

Tour #5

This circuit will be particularly attractive to those who enjoy cruising along the shores of lakes and rivers. The route encircles one the county's most popular bodies of water, Lake Kashagawigamog, and cruises along the shores of some quiet lakes north and east of Haliburton Village.

The tour starts in Minden. Leave the community by travelling north on Highway 35 turning left at Highway 121 to Haliburton.

—Airport Road Km 14

14 Kilometres *along Highway 121 look for the Allsaw General Store, just past the Soyers Lake bridge. Turn right just past the store onto the Airport Road. This has to be one of the loveliest stretches of road in the county. Towering maples shade the roadway providing a multi-coloured canopy at this time of the year. The road winds its way through the bush, offering glimpses of Lake Kashagawigamog to your right.*

—Haliburton Village Km 25

The route leads back to Highway 121. At **Kilometre 20** *turn right to follow the highway into Haliburton Village. After crossing the bridge at* **Kilometre 25** *the village is visible across the waters of Head Lake. To the right a vintage steam engine contrasts sharply with a modern jet fighter, perched atop a cement pedestal. Both provide interesting backdrops for photographs.*

Highway 121 leads to the stop light in the centre of the village. Turn left here to follow Highway 118 again along the shores of Head Lake, out of town to the north.

—Eagle Lake Km 40

10 kilometres along Highway 118, formerly Highway 519, leads to Eagle Lake. Follow this route by turning right. Enter this pretty little community by turning to the right, cross the bridge and watch for the continuation of the county road to your right immediately over the bridge. This route takes you into the rugged back country of Haliburton County where pristine lakes, rocky outcrops and rolling hills of forest provide picture material at every turn.

At Kilometre 41, the road jogs to the left and Redstone Lake. Rather than follow it, bear to the right following the pavement to Fort Irwin **6 Kilometres** *distant.*

—Fort Irwin Km 51

Fort Irwin is picturesquely set at the junction of Oblong and Haliburton Lakes. Cross the bridge into the "downtown" if you wish. Recrossing the bridge to head south you are faced with three roads...the one to the right, which brought you here, the middle route and a road to the left. The centre route is the one to follow as it takes you up a steep and winding hill. Watch for the first gravel road to your right, it is about one kilometre from Fort Irwin.

Take this road to wind your way back to Haliburton Village. Although it is a long stretch of gravel road, the route is in good condition and passes through picturesque Highlands countryside.

—Haliburton Village Km 73

Just over **10 Kilometres** *down the road you find yourself entering Haliburton Village once again, this time from the east. Follow the road to the stop sign, turn right and proceed through the stop lights on Highway 121. Just before reaching the jet airplane, bear left on County Road One.* **3 Kilometres** *down this road turn right on Haliburton County Road 18 or the South Kashagawigamog Road.*

—South Kashagawigamog Rd. Km 77

Just as you enter the community of Ingoldsby, turn left onto Country Road 17 at **Kilometre 88**. *Follow this route to the stop sign and turn right, crossing the bridge on the Drag River. At the base of the dam and rapids which drains Canning Lake is Sunny Rock Lodge. A portion of this picturesque log structure was the centre of the Finnish Village, a community of log homes located in the area. Ask at the lodge for more information.*

—County Rd. 17 Km 88

Back on the county road, continue south for a short distance to South Lake Road and follow it back to Minden. 1 Kilometre before meeting Highway 35, a sign marking a scenic lookout will appear on your right. The road to the lookout is incredibly steep and twisting but the view overlooking Minden and the surrounding countryside is worth the climb. This is an ideal place for a picnic or to just relax after a busy day in the Highlands.

—South Lake Rd. Km 93

Retrace the lookout access route and turn right to bring you back to Minden.

—Pike's Peak Km 99

★ Minden

—Pike's Peak Km 2

Tour #6

—Gelert Km 12

This tour takes an interesting trip through the southern portion of the county, concentrating on roads in the townships of Snowdon and Lutterworth Townships.

It starts from downtown Minden and leaves town via Newcastle Street, the road that climbs a steep incline to the left of the Rockcliffe Hotel. Follow the road to Highway 35 and cross it onto South Lake Road. A short kilometre past this intersection, a sign on your left indicates the road to a scenic lookout. Known locally as Pike's Peak, the picnic area on the edge of a rocky cliff provides a panoramic view of Minden and the Gull River Valley. On a clear day, the colour of the distant hills is brilliant against the azure sky. There are picnic tables here and rest facilities. It might be a spot you'll want to return to later.

—Kinmount Km 30

Continuing east, the South Lake Road twists and turns over hilly countryside. Views of log barns and traditional split rail fences emerge from the side of the road. At **Kilometre 9** *turn right after pausing at the stop sign. This is County Road One, formerly Highway 519, which cuts through the heart of Snowdon Township. Heading south you pass through the small settlement of Gelert, once a thriving train stop for passengers and goods destined for Minden. The route between here and Minden once resounded with the clatter of a horse-drawn stage coach.*

—Buller Road Km 43

Winding through the hills of the area, the highway brings you to a stop sign at **Kilometre 22**. *Turn left here onto Highway 121 south. More bare rock is evident here as you approach the edge of the Canadian Shield.*

At **Kilometre 30** *you enter the pretty village of Kinmount. Set on the Burnt River, the community was once an important railway and logging centre. A sawmill, still operational, can be seen on the west shore of the river, beside the dam.*

Head west out of Kinmount on Highway 503. You are now in Victoria County. Stands of red pine and other tree varieties line each side of the road in military-like precision. As the signs indicate these plantations are over 30 years old in some instances and serve as an excellent example of the returns a reforestation program can yield.

—Moore Falls Km 59

Following 503 will bring you to the community of Norland, however we chose to turn north before arriving at that community. (It is worth the sidetrip to see, however). Watch for the sign indicating the Buller Road on the right at **Kilometre 43.** *The road is the roughest we'll send you on, but is still an interesting and safe route to follow. It snakes through the back hills of Lutterworth Township past pretty scenes and stark elms, ravaged by the Dutch Elm disease.*

Follow the road to the small community of Buller. Be alert, it is nothing more than a few houses now. (A 30 km sign indicates you have almost arrived). At **Kilometre 51,** *in Buller, turn left onto the Clear Lake Road. The maples arch over the roadway forming a multi-coloured canopy. Watch for a glimpse of Clear Lake as the road takes you north to Highway 35.*

—Rackety Trail Km 91

At the highway, **Kilometre 55,** *turn left past Miners Bay and follow Highway 35 south to Moore Lake. At* **Kilometre 59** *turn right onto the Deep Bay Road. This road traverses scenic countryside as it winds its way back toward Minden. The route skirts a portion of Gull Lake. At* **Kilometre 91** *a sign indicates the Rackety Trail to the right. This is an interesting and short side trip which takes you through a thick hardwood forest with sweeping branches overhead. The route leads to a small dam and waterfall at the Rackety Creek. Pause here for a restful few minutes or enjoy a picnic lunch, then head back Deep Bay Road, turn right, and continue on to Minden at* **Kilometre 98.**

Tour #7

★ Minden

This tour starts at the bridge in Minden and will take you on an interesting circuit north of the village and into the Township of Stanhope.

—Minden Wild Water Preserve Km 6

Following South Water Street to Highway 35, turn left and travel north past the Highway 121 intersection, across the Gull River bridge and turn right onto Horseshoe Lake Road One. At **Kilometre 6** *on the right you'll see the Minden Wild Water Preserve. This park along the plunging rapids below the Horseshoe Lake dam is used by canoe and kayak enthusiasts throughout the summer months. It also is an excellent fishing spot, with trout lurking in the various pools and eddies along the course.*

—Carnarvon Km 15

After leaving the park continue north past the south end of Horseshoe Lake. Two kilometres further along the road you cross a picturesque one lane bridge. To your left is Mountain Lake, while on your right is the top end of Horseshoe Lake.

Follow Horseshoe Lake Road as it leads back to Highway 35 at **Kilometre 11**, *then turn right and travel north to Carnarvon. At the flashing light turn left onto the Vankoughnet Road. At* **Kilometre 19** *turn right onto the Boshkung Lake Road. At the Y intersection take the right fork leading to Buckslide. This is an interesting waterfall that is stretched out over a series of steps as the water tumbles from Kushog Lake to Boshkung Lake.*

—Buckslide Km 22

Follow the road to the first full intersection at **Kilometre 24**, *turn right, bearing left at the next intersection and return to Highway 35. A right turn brings you to one of the prettiest waterfalls in the county, Buttermilk Falls. There are picnic tables here and conveniences.*

—Buttermilk Falls Km 26

Continue south on Highway 35 for a short distance then make a left turn onto Highland Road. Up the steep hill and the road takes you around the perimeter of Halls Lake. At **Kilometre 31** *(stop sign) turn left and, after a short distance, turn right onto the Hawk Lake Road. This road is not signed as such, but the one opposite is marked Old Mill Road.*

—Log Chute Km 34

Follow the Hawk Lake road along its winding path beside the Hawk River. Several picnic areas can be found at the right. At **Kilometre 34** *you reach the dam at the head of Hawk Lake. Here the municipality of Stanhope has reconstructed a long chute that was once used to move logs through the river system. It is difficult to see from the car and is well worth the effort to stroll over the dam or down to the river's edge to see this piece of Haliburton's past. The canyon in which the chute is situated is quite spectacular as well.*

A short distance along the road brings you to Hawk Lake landing where there is ample space to turn around and retrace your steps along the river. At the stop sign turn right and complete the circuit of Halls Lake bringing you back to Highway 35 at **Kilometre 41.**

—Kawana Museum Km 47

Turn right here and travel north to Ox Narrows. Just before reaching the narrows, on the right you'll note the entrance to Camp Kandalore. The camp is also the home of the Kanawa Canoe Museum, which contains a fascinating display of canoes and kayaks from throughout the world. The museum is open until Thanksgiving.

Just across the Ox Narrows bridge, turn left onto the Kushog Lake road. Through rolling countryside with hardwood bush edging both sides of the road, you travel south to **Kilometre 60** *where you bear right at the Y intersection and follow the road back to Highway 118. Turn right here at* **Kilometre 61** *then left just two kilometres west of there. (Watch for the sign "Baynton"). This is the Queen's Line and covers interesting wild country just north of Minden. Several high points along the route give you wide vistas with the distant hills ablaze with colour.*

— Highway 118 Km 61

Bear right at the twisting intersection, halfway down the hill, and turn right at the T intersection. Up the steep hill, you might wish to pause for a moment at the top to take in the view, then on down the other side through the maple tree canopy to a T intersection at **Kilometre 70**. *Turn left onto the Bobcaygeon Road and follow it back to Minden and the bridge at* **Kilometre 77**.

Tour #8

★ Minden

This tour, starting in Minden, will take you north and east of the community in some of the prettiest areas of the county. Leave Minden by taking Highway 35 north to Carnarvon at **Kilometre 15.** *Continue through the Carnarvon intersection travelling on Highway 35 for another* **4 Kilometres.** *Turn right at* **Kilometre 19,** *the North Shore Road.*

— Carnarvon Km 15

The road skirts the shore of Beech Lake arriving at an intersection, **Kilometre 23,** *where this lake meets Maple Lake. Just across the bridge to your right is the beautiful Maple Lake Anglican Church. This lovely field stone edifice is the pride of local parishioners. After viewing the church, recross the bridge and follow on the North Shore Road, this time tracing the shoreline of Maple Lake.*

— North Shore Road Km 19

The route leads to an intersection at **Kilometre 27.** *Turn right and the Stanhope Airport will be on your left. An immediate left after passing the airport buildings, and before you cross the bridge, will take you along the north shore of Green Lake. This road again leads to a T intersection. Once more, turn right, onto the road that will take you through the community of West Guilford.*

— Stanhope Airport Km 27

The road through West Guilford leads to a three point intersection. Make a sharp left so you are following the Eagle Lake Road. This road will take you south to Pine Lake, the body of water seen from West Guilford and onto Cranberry Lake. The hills in this part of the county resemble a ruffled quilt with wave upon wave of brightly coloured trees reflecting on the surface of the lakes.

10 Kilometres *along the road brings you to the pretty community of Eagle Lake. Neat cottages and well taken care of homes dot the streets of this village set on the river's edge. Just over the bridge there is a small area to the left where you can pull off the road and enjoy the scene. The waterfall below the dam provides a picturesque setting for photographs.*

— Eagle Lake Km 40

Leaving Eagle Lake we suggest you turn left onto Sir Sam's Inn Road. This is a dead end road, but the scenery is well worth the trouble of turning around at the end. As you drive along the route you will pass through a cathedral of maple tree branches each in bright autumn hues. Also on the right, the only downhill ski area in the county, complete with tow, can be seen. The road leads to Sir Sam's Inn, the former country home of General Sir Sam Hughes. A grand structure is in an ideal setting. The road ends here so retrace the route to the intersection and follow the county road south.

— Highway 530 Km 53

Turn right at **Kilometre 118,** *heading for West Guilford. That community comes up on the right, continue past it, skirting the southern shores of some of the lakes you passed earlier on this tour.*

— West Guilford Km 59

The highway leads back to Carnarvon and Highway 35. To return to Minden, take Highway 35 south.

— Carnarvon Km 71

The last route

Highway 118, formerly Vankoughnet Road, stretching between Carnarvon at Highway 35 and the outskirts of Bracebridge on Highway 11 is one of the more spectacular routes for autumn colours in the area.

Unfortunately, the road leads out of the county, away from the Haliburton Highlands, and it is difficult to include it in a loop tour. Therefore we suggest you use Highway 118 as the fond farewell to Haliburton. Rather than heading south on Highway 35, travel west to Bracebridge and then south.

We know the colours and dramatic rock cuts of the road will make it one of your favourite spots in the Highlands.
